

# **DOCUMENT "A"**

## **MINISTER'S DETERMINATION CONDITIONS OF APPROVAL**

Pursuant to Regulation 87-83 under the Clean Environment Act

August 22, 2007

File Number: 4561-3-1130

---

1. In accordance with section 6(6) of the Regulation, it has been determined that the undertaking may proceed following approval under all other applicable acts and regulations.
2. Commencement of this undertaking must occur within three years of the date of this Determination. Should commencement not be possible within this time period the undertaking must be registered under the *Environmental Impact Assessment Regulation (87-83)* – Clean Environment Act again, unless otherwise stated by the Minister of Environment.
3. The proponent shall adhere to all obligations, commitments, monitoring and mitigation measures presented in the EIA registration document stamped June 20, 2007, as well as all those identified in subsequent correspondence during the registration review. Additionally, the proponent shall submit a summary table detailing the status of each Condition listed in this Determination to the Director of the Project Assessment Branch every 6 months from the date of this Determination until such a time as all the Conditions have been met.
4. If it is suspected that the remains of archaeological significance are found during construction of the project, Archaeological Services Unit, Heritage Branch, (Wellness, Culture and Sport) shall be contacted immediately at (506) 453-2756.
5. An Environmental Management Plan (EMP) shall be developed which describes the environmental protection measures to be implemented to address chemical/hazardous materials management (storage, spill prevention etc.), pipe inspections, and fish waste management (transportation, odour etc.). The plan shall also include emergency response plans to be put in place in the event of an accident or facility malfunction. The plan must be submitted for review to Mr. Paul Vanderlaan, Director, Project Assessment and Approvals Branch, Department of Environment, and must receive approval prior to the commencement of any construction associated with the project.
